#### **Other Scholarly Teaching, Mentoring and Curricular Achievements**

	I worked with Johanna DuBose as a mentor for her new role as Retention Specialist at CONHS during the Spring of 2014. We met on a regular basis to share information about test-taking resources for students and plans for success in the nursing program. I assisted her to set up a speaker from Kaplan for the nursing students. We collaborated on multiple student success plans for individual students "struggling" in the nursing program.	
	I also worked with beginning students for test-taking and the transition into nursing school	

	expectations, especially reading assignments and study habits. As the students progress through the program I maintained an open door policy.	
	I have mentored numerous new full-time and adjunct faculty members that were hired to teach Fundamental clinical/lab. They were new to academia so I worked with them every week to facilitate the transition into the role of nurse educator.	
	Guest lectures for various other courses for specific content such as STDs, Conflict Resolution, Hematologic Disorders, High Risk Pregnancy, Reality Shock for Graduates, NCLEX preparation & testing	
April 2012	Texas A&M University-Corpus Christi 5 years service award	
March 2012	WebEx Presentation for E-line Nursing Process & Critical Thinking	
	Lone Star College Mentor for Nursing Honor Students	
May 2005	North Harris Montgomery Community College District 15 years service award (Name changed to Lone Star College)	
	Multiple nominations for Annual Teaching Excellence Award at Lone Star College	
1985	Recipient of Excellence in Poster Presentation: Couvade Syndrome at Corpus Christi State University (Name changed to TAMUCC)	

### PROFESSIONAL SERVICE
