Presents

Hospitals and the Environment

June 3, 2006

Corpus Christi Medical Center

Doctor's Regional

Conference Center

3315 South Alameda

Corpus Christi, TX

Sponsors:

CHRISTUS Spohn Health System

Purpose and Goal:

The purpose of this education offering is to update nurses and other health care providers on current advances in clinical practice to improve the environmental health of the community.

The goal of the program is to provide participants with information about the leading environmental hazards in their community.

“Texas A&M University-Corpus Christi College of Nursing and Health Sciences (TAMU-CC CONHS), is an approved provider of continuing nursing education by the Texas Nurses Association, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation. This activity meets Type I criteria for mandatory continuing education requirements toward relicensure as established by the Board of Nurse Examiners for the State of Texas.”

Nurses who complete the evaluation tool and attend the entire conference will be able to earn up to 4.2 contact hours.

In compliance with the Americans with Disabilities Act, All reasonable efforts to accommodate a person with disabilities at this seminar will be made. Please call 361-825-2353 two weeks prior to the event.

Objectives:

1. Define environmental health.
2. List the various nursing organizations initiating environmental health activities.
3. Discuss agencies and policies affecting the hospital and community environment.
4. Discuss the role of city, state, national government in addressing community environmental health.
5. Discuss how nurses and other health care providers can play a role in advocacy.
